

DHT404 - 4 Channel LCD Version Shown

## DHT Series Network Triplex Digital Video Recorder

*The Digimerge DHT Series of advanced triplex 4,9 and 16 channel digital video recorders offer triplex network functionality, up to 60 FPS recording rate and over 600GB of storage capacity.*

*The DHT Series digital video recorders offer the option for a built-in LCD display. Perfect for applications where a large screen monitor is not installed near the DVR.*

### Features

- Triplex functionality that supports simultaneous view, record and playback
- Network connectivity with complete DVR view and control capability
- MJPEG video compression for high quality digital video images (15-20KB/frame)
- Flexible video output with composite BNC and S-Video supports CCTV
- VGA support on 9/16 Channel models
- Large disk capacity Supports 2 HDDs with total capacity up to 600GB
- Portable image transfer via network or USB Flash memory
- Firmware upgrade through USB port
- Handheld remote control provides full functionality
- Jog shuttle for easy search and playback control
- Pre-alarm recording with stored buffered images
- MPEG1 audio compression for clear accurate sound
- Display resolution 720x480 (maximum)
- Recording resolution 720x240 (maximum)

### Specifications

Triplex operation:	simultaneous view, record and playback
Network connectivity:	complete DVR view and control capability
MJPEG video compression:	high quality digital video images (15-20KB/frame)
Flexible video output:	composite BNC/S-Video supports CCTV
VGA output:	on 9/16 Channel
Large disk capacity :	supports 2 HDDs with total capacity up to 600GB
Image transfer :	via network or USB flash memory
IR remote control :	provides full functionality
Jog shuttle:	for easy search and playback control
Pre-alarm recording:	images stored in buffer
Audio compression:	MPEG1
Display Resolution:	720x480 (maximum)
Recording resolution:	720x240 (maximum)
Recording:	supports continuous/alarm/video/motion/scheduled with 3000 events listed
Search mode :	Date/time/calendar/event
Search fast forward speed:	1/2/4/8/16/32/64 X
On board camera control:	Pan/Tilt/Zoom (CH1)
Looping video output:	All channels
Alarm terminal block:	Integrated
Integrated video motion detection:	5 zones per camera and 3 sensitivity settings
Multiscreen viewing:	single to 16 channel
Additional view features:	PIP/POP/zoom/freeze/video loss/time-date
Secure access:	Multi level access rights
Rack mount:	(option)

### DHT Series Digital Video Recorder Models:

<b>DHT304161</b>	- 4 Channel triplex DVR with 160GB HDD
<b>DHT304162</b>	- 4 Channel triplex DVR with 320GB HDD
<b>DHT309161</b>	- 9 Channel triplex DVR with 160GB HDD
<b>DHT309162</b>	- 9 Channel triplex DVR with 320GB HDD
<b>DHT316161</b>	- 16 Channel triplex DVR with 160GB HDD
<b>DHT316162</b>	- 16 Channel triplex DVR with 320GB HDD
<b>DHT404161</b>	- 4 Channel triplex DVR with LCD display, 160GB HDD
<b>DHT404162</b>	- 4 Channel triplex DVR with LCD display, 320GB HDD
<b>DHT409161</b>	- 9 Channel triplex DVR with LCD display, 160GB HDD
<b>DHT409162</b>	- 9 Channel triplex DVR with LCD display, 320GB HDD
<b>DHT416161</b>	- 16 Channel triplex DVR with LCD display, 160GB HDD
<b>DHT416162</b>	- 16 Channel triplex DVR with LCD display, 320GB HDD
